12. Laser grid
 - a. Watching for oddities
 - b. Setup and tear down
13. Any experiments that are running.

ACTIVATING TEAM

Anytime any questionable activity is witnessed, the Home base must:

1. Immediately report it to the team lead with details
2. Call on the team in the area of question or nearest team to investigate
3. Immediately report any hazardous situations noted on the premises to the team lead.
4. Have Walkie-Talkies on at all times during the investigation
5. Must be trained in setup and teardown of DVR system, S.P.E.C.T.R.E, and any other experiments designed by AGHOST
6. Must document all activity in their personal Investigators Journal.
